BOARD OF HEALTH
MEETING MINUTES
SEPTEMBER 4, 1984

Present: D. Lively, T. Snyder, G. Riggan, M. Morse, Clerk

It was noted that the Board is in receipt of a completed permit to install a septic system from Rev. Archambo.

It was reported that Justin Hardison, of Tunnell Road, had been bitten by a dog which was later killed by a car. In order to determine if the dog had rabies, it was decapitated and the head sent to the lab in Boston. The Hardisons will be notified of the results as soon as they are known.

It was noted that Chapter 40, section 54 of the General laws requires that no building permit be issued for a building where water will be needed until a potable supply is available.

The establishment of a demolition dump is the responsibility of this Board. Mr. Lively and Mr. Snyder will undertake the job of finding a suitable location.

The meeting was adjourned at 8:37 PM.

Respectfully submitted,

Marjorie Morse, Clerk

Approved: Dennis A. Lively
George A. Riggan
Timothy C. Snyder
