BOARD OF HEALTH
MEETING MINUTES
SEPTEMBER 11, 1984

Present: D. Lively, T. Snyder, G. Riggan, M. Morse, Clerk

Minutes of the previous two meetings were approved.

It was noted that Mr. Lively is arranging for a telephone to be installed in the nurses office at school. The Town of Heath has expressed a concern that Mrs. Moffatt is putting in too many hours. Mr. Lively plans to have a meeting of representatives from the two towns along with Mrs. Moffatt to clear up any problems that may arise.

Mr. Lively reported that notice from the lab in Boston had been received regarding the results of tests done to determine if the dog that bit Justin Hardison and later was killed by a car had rabies. He was glad to report that the test results were negative. The Hardisons had been notified by telephone and a copy of the written report is to be sent to them.

It was noted that Bostley Sanitary Company has had no valid permit to haul sewage in Rowe since 1982. Notice will be put in the Goal Post along with a list of companies that do have current permits. Mention was made regarding the setting of a fine for hauling without a permit, but no decision was made.

The Board has received a completed application to install a septic system from Mr. Keeney. The application will be forwarded to Mr. Brickett.

Notice will be put in the Goal Post and memos sent to Mr. Foster and Mr. Brickett concerning Chapter 40, Section 54, which states that no building permit can be issued for a building where water will be needed until a potable water supply has been found.

The meeting was adjourned at 8:54 PM.

Respectfully submitted,

Marjorie Morse, Clerk Approved: _____

Timothy C. Snyder

Dennis S. Lively
