Board of Health
Meeting Minutes
January 21,1986

Present: T. Snyder, E. Foberg, M. Quinn

The meeting was called to order at 7:15 P.M.

Bill Foster reported that the Rowe Camp and Conference Center would like to remodel it's existing "Infirmary". He stated that the proposed building is at present in an unsafe condition and he questions the suitability of their preliminary plans as an Infirmary. Mr. Foster is unsure that the new building would actually be used as an Infirmary and is uncertain whether it would meet existing regulations regarding such a facility.

Mrs. Foberg agreed to contact the State Board of Health and John Brickett in regards to the regulations.

It was noted that Mr. Brickett has done the milk and store inspections for the Rowe Country Store.

It was also noted that the Dunnell camp has been condemned by the Building Inspector because it is structurally unsafe.

Mr. Snyder reported on his meeting with the representative from Massachusetts Electric Company in regards to the street lights. The tentative plan is to install a street light on the pole south of the access road to the Refuse Garden with a service drop down the pole to an underground line leading to the access gate. There will then be a meter and panel board installed.

The meeting was adjourned at 8:05 P.M.

Respectfully submitted:
Melissa Quinn,Clerk
