Board of Health
Meeting Minutes
March 11,1986

Present: G. Riggan, T. Snyder, E. Foberg, M. Quinn

The meeting was called to order at 9:08 P.M.

It was reported by Mr. Riggan that it is required by State law that every time a well is drilled, the well driller must fill out a report and submit it in triplicate, one to the customer, one to the Board of Health and one to the Department of Environmental Resourses. It is up to the Board of Health to make sure that these reports are received. Notification of the law will be placed in the Goal Post and copies of the reports will be available at the Town Hall.

Mr. Riggan reported that a meeting was held on March 7, 1986 at 10:00 A.M. at the Town Hall with Mr. Philip Sheridan and Mr. Evan Johnson of Tighe & Bond, Inc. The data in regards to the salt pollution was examined and and the reports from C.T. Male were confirmed with one exception. Mr. Sheridan and Mr. Johnson recommended that the well to supply potable water to the properties in question should be drilled on park land in the neighborhood of the Bench Tool Factory. Further recomendations will be made in a letter from Tighe & Bond. Mr. Sheridan agreed to meet with interested citizens.

The meeting was adjourned at 9:14 P.M.

Respectfully submitted,
Melissa Quinn, Clerk

Approved:

George A. Riggan

Timothy C. Snyder

Ellen S. Foberg
