Board of Health
Meeting Minutes
September 2, 1986

Present: Ellen Foberg, George Riggan, Timothy Snyder, Melissa Quinn

The meeting was called to order at 8:35 P.M.

Mr. Riggan noted that he had been contacted by Mr. Keeney, owner of Lot 6C on Old Cyrus Stage Road in regards to his percolation test. Mr. Riggan recalled that he had been present when the test was done, and there was 24" of topsoil over sand to a depth of 96" with no water. He stated that under present regulations the test had not only passed but exceeded standards and he felt that for this reason the test was still valid. He had written Mr. Keeney a note to this effect in order that he could proceed with the construction of his septic system. It was noted for the policy book that percolation tests performed prior to May 1, 1986 are valid only if the results conform to the present bylaws.

The meeting was adjourned at 9:15 P.M.

Respectfully submitted,
Melissa Quinn, Clerk

Approved:

Ellen L. Foberg

George C. Riggan

Timothy C. Snyder
