Board of Health
Meeting Minutes
February 3,1987

Present: Ellen Foberg, George Riggan, Timothy Snyder, Melissa Quinn

The meeting was called to order at 8:46 P.M.

The Chairman reported that the Rowe School had to be dismissed early on Monday, February 2, 1987 because of a malfuntioning septic system. The system was pumped by a licensed sanitary service and now seems to be working satisfactorily.

Mr. Snyder reported that the Chairman of the Planning Board (Leonard Laffond) has disputed certain Board of Health regulations and feels that they are in conflict with the Town by-laws. He was asked to attend the Board of Health meeting to discuss the matter but he declined.

There was a memo from the Community Resource Development Specialist (Extension Service) suggesting that there be a weekly disposal of waste oil program for the use of townspeople set up with the Highway Department. The Highway Superintendent has expressed his opposition to such a practice due to the fact that he reuses all the waste oil and does not want any risk of adulteration from outside sources.

The meeting was adjourned at 9:22 P.M.

Respectfully submitted:
Melissa Quinn, Clerk
