Board of Health
Meeting Minutes
July 21, 1987

Present: George Riggan, Ellen Foberg, Marion Boggs.
Melissa Quinn

The meeting was called to order at 7:55 P.M.

John and Nancy N. Williams were present with questions regarding the Boards decision last week to waive the regulation requiring percolation testing be performed during the months of March, April and May in the Maltby/Ed-Rodgers case. Mrs. Foberg explained that the Board had made their decision due to certain mitigating circumstances and explained what they were. Mr. Williams expressed his concern that this could set a precedent that might lead to problems if the regulations are not strictly enforced. Mrs. Williams felt that others might feel that they had extenuating circumstances also and expect the Board to make exceptions. Mr. Riggan reported that James Williams (Contractor) had contacted him in regards to this matter and expressed his concern over the decision. In the course of the discussion, it became apparent that Ms. Ed-Rogers had more information than the Board had thought and therefor was in all likelihood aware of Town by-laws and regulations regarding new construction After due consideration, there was a motion to rescind last weeks decision to allow a waiver of the percolation regulation regarding the time of testing. The motion was seconded and passed unanimously. Mrs. Foberg immediately placed a call to Andrew Smith (Contractor) who is Ed-Roger's representative in this matter. He expressed his disappointment, but promised to convey the Board's decision to his client.

Mrs. Foberg reported that she had received information regarding the removal, containment and encapsulation of asbestos. It will be kept on file.

The meeting adjourned at 8:45 P.M.

Respectfully submitted,
Melissa Quinn, Clerk
