Board of Health
Meeting Minutes
December 1, 1987

Present: Ellen Foberg, George Riggan, Marion Boggs, Melissa Quinn

The meeting was called to order at 7:45 P.M.

William Foster (Building Inspector) came in to discuss a rental property in town that may need to have lead paint removed in accordance with state law because there are young children involved. Mr. Foster gave the Chairman two phone numbers of persons to contact regarding enforcement of this law. Mrs. Foberg will look into the matter and report at a latter meeting.

Mrs. Foberg reported that she had received a check for two dollars from H.P. Hood Inc. for a milk dealers license. The check will be given to the Treasurer for deposit and a copy of the letter and the application will be send to John Brickett (Town Sanitarian) so that he may issue this license.

Mrs. Foberg also reported that she had received a check from Harker Construction Company (Charlemont) along with a request for a Sewage Disposal Works installer's license. It had come to her attention that Harker Construction has already made an installation in town without an installer's license and also without a valid sewage disposal works construction permit. This means that Harker Construction has violated Board of Health regulations as well as Massachusetts Title V codes and is subject to a $50.00 fine for each violation. Mrs. Quinn was directed to write a letter informing Mr. Harker of Harker Construction that he is being fined the sum of $100.00 for these two violations. His check will be returned along with the request for an installers license and he will be informed that no license would be issued unless and until this fine is paid.

The meeting was adjourned at 8:15 P.M.

Respectfully submitted,
Melissa Quinn, Clerk
