Board of Health
June 28, 1988
Meeting Minutes

Present: Ellen Foberg, George Riggan, Melissa Quinn
Absent: Marion Boggs

The meeting was called to order at 7:50 P.M.

Edgerton Miles (Pelham Lake Drive) came in to discuss the status of a percolation test performed on his property on Stone Hill Road in 1986. He had recently been notified by the Board of Health that the test was no longer valid because it did not meet present standards. (see attached) Mrs. Foberg explained that his was not the only test that had been invalidated, and that the Board has made every attempt to be fair and consistent in their policies. Mr. Miles asked if an out of season percolation test could be performed and was informed that the only time this is done is in the event of a failed system at an existing house. Other avenues of relief for the situation were explored and Mr. Miles will return next week to further discuss the matter.

Mrs. Foberg and the Highway Superintendent (Pete Brown) will be meeting with a representative of Guthrie Fence Company to discuss the cost of fencing at the site of the proposed stump dump on Davis Mine Road.

The meeting adjourned at 8:20 P.M.

Respectfully submitted,
Melissa S. Quinn, Clerk

Edgerton Miles
1541 Magnolia Avenue
Winter Park, Florida 32789

Dear Mr. Miles,

The percolation test performed on your property on Stone Hill Road (Map 11, Lot 64) on May 29, 1985 is no longer valid. Present Town by-laws restrict water to below six (6) feet, and they supercede any previous standards. The test performed on the above mentioned lot in May of 1985 showed water at forty-eight (48) inches.

If you have any questions, please feel free to call me at (413) 339-5746, or call the Town Hall (339-5520) between 8:30 am and 4:00 pm any regular business day.

Sincerely yours,

Ellen L. Foberg

Ellen L. Foberg, Chairman
Board of Health
