Board of Health
Meeting Minutes
September 27, 1988

Present: Ellen Foberg, George Riggan, Marion Boggs, Melissa Quinn

The meeting was called to order at 10:00 P.M.

Mrs. Foberg reported that the radon informational packet has been received.

The Chairman was notified that Margaret Jones' niece has been diagnosed with giardiasis. She had been visiting Rowe and swam in Pelham Lake, but the source of the giardiasis is undetermined.

Commercial Disposal informed the Board by mail that certain items will not be accepted for disposal for the time being. (see attached) A notice to this effect will be sent out to citizens with the October Goal Post. Mrs. Foberg called Commercial Disposal and DEQE regarding this matter and was told that there are unacceptable levels of PCB's in the banned items. The matter is being studied and DEQE is waiting for test results. Notification will be given to the towns of those results, and the eventual determination.

The meeting adjourned at 10:30 P.M.

Respectfully submitted,
Melissa S. Quinn, Clerk
