Board of Health
Meeting Minutes
December 20, 1988

Present: Ellen Foberg, George Riggan, Marion Boggs, Melissa Quinn

The meeting was called to order at 11:05 A.M.

A bill was received from Berkshire Enviro-Labs, Inc. for tests performed on water samples taken at the school, the park, the town hall and Avery Fountain. All the results were satisfactory with the exception of the pitcher-pump at the beach. The results of this test were:

Total Coliform	1
Fecal Coliform	0

It is recommended that due to other non-coliform bacteria present in the pitcher-pump water sample, the well should be disinfected. Mrs. Quinn will call Bill Enser and ask him to send a copy of the procedures for disinfecting private wells and springs, which he forgot to enclose. All the information will then be sent to the Park Commission.

The meeting adjourned at

Respectfully submitted,
Melissa S. Quinn, Clerk

Approved:

Ellen L. Foberg
