Board of Health
Meeting Minutes
April 25, 1989

Present: Ellen Foberg, George Riggan, Marion Boggs, Melissa Quinn

The meeting was called to order at 7:15 P.M.

There is a percolation test scheduled on May 13th at 7:00 A.M. on the property of Lillian Danek (for Thomas Danek). Mrs. Foberg will observe.

Mrs. Foberg will call Sally Alix and inform her that she may haul demolition material to the refuse garden and dump it in the bulk bin. The whole question of users fees, including dumping fees, sanitarian's fees, building inspection fees, etc. will be researched by Mrs. Foberg and a report made at a later meeting.

Mrs. Foberg and Mr. Riggan conducted an inspection on April 26th of a well on the property of Karl Jurentkuff, serving the home of Francis Bensen (Pine Hill Drive). Mr. Bensen had complained that surface water from a fire pond located on the Jurentkuff was contaminating the well. It was found that the well casing had settled below ground level, and run-off from the pond was indeed being sucked in the well. Mr. Bensen was advised that this was not a Board of Health matter, and suggested that he make necessary repairs to his well head and casing to correct the problem. They also informed him that Mr. Jurentkuff had no responsibility in the matter.

The meeting adjourned at 7:30.

Respectfully submitted,
Melissa S. Quinn, Clerk
