Board of Health
Meeting Minutes
May 9, 1989

Present: Ellen Foberg, George Riggan, Marion Boggs, Melissa Quinn

The meeting was called to order at 9:15 P.M.

It was voted unanimously to grant Mary Ann Corarito a temporary food establishment permit to prepare the food on her premises for one catered luncheon on June 9, 1989.

An application for a Disposal Works Construction Permit was received from Rowe Camp. Mrs. Foberg noted that there are inconsistencies in the application and that the plans have not been included. She will contact John Brickett and Rowe Camp to clarify the application and obtain the plans.

A letter was received from the Gill Board of Health regarding private water sources near public utility rights-of-way. The Board authorized Mrs. Foberg to voice the Board's concerns to August Schumacher (Commissioner, Department of Food and Agriculture) that the identifying and mapping of private water sources to individual private wells be the responsibility of the utilities that use herbicides to protect their rights-of-way.

Information was received from Steven Eipper regarding the Multiple Casualty Incidents plan. Mrs. Foberg will pass it on to the EMT Coordinator, Faith Loomis.

Thomas Danek has asked to postpone his percolation test scheduled for May 13th to a later date. Mrs. Foberg agreed to postpone the test but will still meet with Mr. Danek and Mr. Riggan at 8:00 A.M. on that date to dig some deep holes.

Mrs. Foberg reported that Richard Jenkins (White Goods Hauler) has given price quotations for removal and disposal of discarded household appliances. They are as follows:

Appliances	$ 7.00 each plus additional $1.00 for removal of capacitors
Tires	$ 1.50 each passenger tire tires 2.50 each light truck tires 7.00 large tires
Batteries	$ 3.00 each
Metal	$50.00 per ton

Mr. Jenkins will come to the next Selectmen's meeting on May 16th with a contract.

Mrs. Foberg reported that the Galvin septic system (Zoar Road and Hazelton Road) is not funtioning properly. Ms. Galvin thinks that road run-off is draining into the system and overloading it. She has asked if water draining through a town culvert could be marked with dye to see if this is happening. Mrs. Foberg agreed to inspect the system on Saturday, May 13th.

The meeting adjourned at 9:40 P.M.

Respectfully submitted,
Melissa S. Quinn, Clerk

Approved:

Ellen L. Foberg

Ellen L. Foberg, Chairman
