Board of Health
Meeting Minutes
May 16, 1989

Present: Ellen Foberg, Marion Boggs Melissa Quinn
Absent: George Riggan

The meeting was called to order at 7:05 P.M.

Richard Jenkins (Economy Haulage) was present with a proposal for removal and disposal of household appliances. After some discussion, it was voted unanimously to accept his proposal. The Board signed the contract for one year, to expire May 31, 1990. Mr. Jenkins was issued a dump card (# 274). He will remove the appliances that have been stockpiled within a week, and thereafter he will be called when six or more appliances have accumulated.

The weekly time-sheet was received for the School Nurse.

Mrs. Foberg reported that she and John Brickett had attempted to inspect the sewage system on the Vaughn Tower property on Zoar Road, but no one was home at the time and they were unable to locate it. A letter was drafted to Mr. Tower (see attached).

Percolation test results (for tests performed on May 13th) are as follows:

Stone Rd. (Charles Mackie) Map 11, Lot 10 (first test)	Passed
Same as above (second test)	Failed
Middletown Hill Rd.(Ellsworth Veber) (Map 1, Lot 20)	Failed

A sewage system inspection was conducted on Zoar Road at the Galvin home. No dye was placed in the storm drain. A decision was made to construct a curtain drain to tie into the town drain and, also to enlarge the leach field.

A letter was sent last week to Rowe Camp requesting a copy of the plans to go with their new disposal works construction permit.

The meeting adjourned at 7:30 P.M.

Respectfully submitted,
Melissa S. Quinn, Clerk

Vaughn Tower
Leshure Road
Rowe, Ma. 01367

Dear Mr. Tower:

The Board of Health would like to make an inspection of your sewage disposal system to determine it's size and adequacy for your proposed construction.

Our Health Agent, John Brickett, will be in town on Tuesday, May 30, to perform percolation tests. We would like to make an inspection at that time. Please advise if you will be available at 2:00 P.M. that day.

Sincerely,

Ellen L. Foberg msq
