Board of Health
Meeting Minutes
September 12, 1989

Present: Ellen Foberg, George Riggan, Marion Boggs, Melissa Quinn

The meeting was called to order at 8:35 P.M.

The weekly payroll sheet for the school nurse was received.

Mrs. Foberg noted that she had determined that there was not a suitable site for a new brush dump at the site of the former stump/brush dump on Zoar Road due to it's proximity to the Donovan house and Pelham Brook. (see attached)

A letter was received from NITON Corporation requesting copies of all radon test results for the Town of Rowe.

By consensus, the Town Nurse will be asked to conduct the radon tests for all town buildings, including the fire station. She will work with the school custodian in conducting the tests at the Rowe School.

A successful inspection was conducted for a Food Service Establishment Permit at Arthur and Mary Ann Corarito's on Dell Road, d/b/a Ashley's Restaurant. This permits catering, take-out food, on-site dining and retail baked goods.

Mrs. Foberg was asked by James Williams, Septic System Installer, if it was permitted to alter a system designed by McClay Associates at the Miller property on Potter Road in order to avoid cutting down some large maple trees. Mrs. Foberg advised him to contact John Brickett, R.S. in regard to the matter and to have the system redesigned so that the trees don't have to be removed.

The meeting adjourned at 9:15 P.M.

Respectfully submitted,
Melissa S. Quinn, Clerk

Approved:

Ellen L. Foberg, Chairman
