Board of Health
Meeting Minutes
September 19, 1989

Present: Ellen Foberg, George Riggan, Marion Boggs, Melissa Quinn

The meeting was called to order at 7:20 P.M.

It was voted unanimously that Mr. Boggs, Representative to the Franklin County Solid Waste Management District should express the Town's interest in a study by the District of a proposed landfill in Montague, unless negative consequences are seen.

Mr. Boggs reported that due to problems with his vision he is unable to drive at night, and asked that another representative be appointed to the Solid Waste District. It was felt that since the representative needs to be well versed in town finances, perhaps a member of the Finance Committee would be willing to serve. The matter will be taken up with the Finance Committee at a joint meeting October 3rd.

It was noted that the Springfield Recycling Facility is due to go on line January 15th, 1990. Town recycling programs are to commence the same date.

A bill was received from John Brickett for the restaurant inspection conducted on 9/8/89.

A letter was drafted to Paul McLatchy (Newell Cross Road). (see attached)

The meeting adjourned at 8:10 p.m.

Respectfully submitted,
Melissa S. Quinn, Clerk

Dear Mr. McLatchy:

Approval is hereby given to use your present septic system in connection with the renovation of your dwelling from a three bedroom to a four bedroom house. If in actual use the system fails, you will be required to construct a new septic system, with the grey water connected to the system at that time.

Sincerely,

Ellen L. Foberg msq
