Board of Health
Meeting Minutes
January 12, 1990

Present: Ellen Foberg, George Riggan, Marion Boggs, Melissa Quinn

The meeting was called to order at 2:45 P.M.

In view of recommendations from the Finance Committee that an increase in the Nurse's weekly business hours be undertaken without recourse to a Special Town Meeting, and with the Finance Committee's willingness to fund the increase by Reserve Fund Transfer, the Board voted unanimously to increase the Town/School Nurse's work week from 10 hours per week for the Town and 20 hours per week during the school year for the school to 10 hours per week for the town and 35 hours per week during the school year for the school, at the present hourly equivalent of $11.49 per hour. The Nurse will be working at the school during the school year from 8:30 A.M. to 3:30 P.M. beginning February 5, 1990.

New regulations for water testing at the Rowe School were received from the DEP (Department of Environmental Protection). These new regulations would require monthly testing for coliform and twice yearly tests for volatile organic compounds. The question was raised of payment for these additional tests. Mr. Riggan offered to write to the state ombudsman to see if the state should pay these costs. A letter will be sent to Roland J. Dupuis, PE, informing him that the matter has been referred to the ombudsman.

The meeting adjourned at 3:10 P.M.

Respectfully submitted,
Melissa S. Quinn, Clerk
