Board of Health
Meeting Minutes
January 7, 1992

Present: James O'Brien, Leonard Laffond, Melissa Quinn

The meeting was called to order at 7:05 P.M.

Dianne Rode, Town Nurse was present to discuss the ownership and control of two pieces of medical equipment: an otoscope and an audiometer. Mrs. Quinn verified that both items were purchased through the town budget and not through the school budget by former Town/School Nurse Sharleen Moffatt. At the present time, both items are kept at the school and are used by School Nurse Lyn Chilson. Mrs. Rode does not feel that at the present time her duties as Town Nurse require the use of the audiometer frequently enough to justify reclaiming possession of the instrument. It was the consensus of the Board to allow the audiometer to remain at the School, with the understanding that Mrs. Chilson will see patients referred to her by Mrs. Rode and perform the audiometer testing as needed. Mrs. Rode said that she does need the otoscope, and arrangements will be made between she and Mrs. Chilson to regain possession of this item.

Pumping and hauling permits for 1992 were issued to the following:

Bostley Sanitary Service	Houghton Sanitary Service
Nelson Road	Guilford Center Road
