Board of Health
Meeting Minutes
November 17, 1992

Present: Ellen Foberg, Leonard Laffond, James O'Brien, Melissa Quinn

The meeting was called to order at 7:30 P.M.

Also present were Dorothy and Heidi Lehr.

The Chairman reported that water samples taken from an intermittent stream flowing from the Lehr property onto the Foster property tested by Berkshire Enviro-Labs showed very high levels of total and fecal coliform, as well as the presence of surfactants. (Tests were conducted in response to complaints from William Foster.) These test results indicate that septate is leaking into this flow of water. In order to determine the source of the septage the Board asked permission to place dye in the Lehr septic system. Mrs. Lehr agreed. The Board and John Brickett will meet at the Lehr residence at 10:00 A.M. on November 19 to begin the dye test.

Heidi Lehr noted that her store is due for a Board of Health inspection. The Board and Mr. Brickett will conduct the inspection after they have finished at the Lehr residence.

It was voted to exercise an option to renew for the period of one additional year a contract with Connecticut Valley Sanitary Waste Disposal, Inc. for the disposal of solid waste. This will extend the contract from July 1, 1993 to June 30, 1994.

The meeting adjourned at 8:00 P.M.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant
