Board of Health
Meeting Minutes
December 14, 1993

Present: Ellen Foberg, Leonard Laffond, James O'Brien
Absent: Melissa Quinn

The meeting was called to order at 7:06 P.M.

It was noted that the permit application for the transfer station is nearly complete. Bill Allen will contact the Board later in the week to complete the application.

A letter was received from the Rowe Camp/Conference Center thanking the Board for a favorable decision relative to variances requested by the Camp. (see Board of Health minutes of November 30, 1993) A sample health form was enclosed. This is the form the Camp intends to use next year. (see file)

A Determination of Applicability was received from the Rowe Conservation Commission for the transfer station site. It was noted that the Commission found that no Notice of Intent is required. A copy was made to send to Bill Allen. (see file)

A letter was received from the Department of Environmental Protection (Lawrence Golonka, Section Chief) relative to the James Daneker tight tank (Potter Road). It was noted that the application for installation of a tight tank is in the review process and a decision from DEP is due by January 28, 1993. (see attached)

It was the unanimous vote to close the transfer station for both Christmas and New Years Day. (These holidays fall on a Saturday, when the transfer station would normally be open.)

An application package was received from the Federal Environmental Protection Agency to be used for reimbursement requests for emergency responses to hazardous substance releases. (see file)

The meeting adjourned at 7:21 P.M.

Respectfully submitted,
Ellen L. Foberg, Chairman

Re: DETERMINATION OF ADMINISTRATIVE COMPLETENESS
Application for: BRPWP03
Misc. Sewage disposal

At: James Daneker Residence
Potter Road
Rowe, MA

Transmittal Number: 69473

Gentlemen:

The Department has completed its Administrative Review of the permit application listed above and determined that the application is administratively complete. Accordingly, the Department will begin its Technical Review.

According to 310 CMR 4.04, the Department now has until January 28, 1994 to complete its Technical Review and issue a final decision to grant or deny the permit.

Provided your application is technically adequate, and none of the contingencies outlined in 310 CMR 4.04 occur, the Department will issue a final decision within the timeframes listed above. You will be entitled to a refund of your application fee should the Department fail to complete its final review of your application and make a decision to grant or deny the permit within these timeframes.

The Technical Reviewer assigned to your project, Minh Tonthat, may be reached at extension 216.

Sincerely,

Lawrence F. Golonka

Lawrence Golonka
Section Chief
Water Pollution Control
