Board of Health
Meeting Minutes
July 12, 1994

Present: Ellen Foberg, Leonard Laffond, James O'Brien, Melissa Quinn

The meeting was called to order at 2:50 P.M.

It was noted that an inspection was conducted on July 7 at the Rowe Camp & Conference Center, for Food Establishment Licenses and a Recreational Camp for Children License. Ms. Foberg will complete the inspection report and return it at the next meeting.

Relative to a matter reported in minutes of July 12, Board of Selectmen, Ms. Foberg will contact James Williams and do a site inspection to measure a percolation test done in 1988 on property allegedly owned by Molly Scott, later found to belong to Flagg Waltermire (Davis Mine Road).

There was a discussion relative to the matter of the proposed regulation prohibiting feeding the geese on Town property. Chairman Foberg noted that perhaps posting signs asking the public to refrain from feeding the geese might be a good first step rather than adoption of the regulation. Brochures were received from the Department of the Interior regarding feeding waterfowl. These will be made available to anyone wanting one on July 26 at which time the Board will discuss the problems caused by the geese.

Water sample test results were received, all satisfactory, for the Town Hall, Avery Fountain, Rowe Park (beach and pitcher pump) and Rowe School.

In receipt of a check for $25.00, it was voted unanimously to grant a septic pumpers/haulers license to Bostley Sanitary Services.

New contracted for FY 1995 were approved and signed with Commercial Disposal for hauling the compactor and bulk bin to Holyoke Sanitary Landfill and the recyclable material to the Material Recycling Facility in Springfield. The costs remain the same as last year.

The meeting adjourned at 3:20 P.M.

Approved:

Ellen L. Foberg

Ellen L. Foberg, Chairman

Leonard J. Laffond
