Board of Health
Meeting Minutes
May 30, 1995

Present: Ellen Foberg, Leonard Laffond, Jeffrey Taskey, Melissa Quinn

The meeting was called to order at 8:50 PM.

It was voted unanimously to appoint Ellen Foberg to serve as Chairman for the coming year.

A percolation test was conducted on May 26 at 2:00 PM at the Marion Smith property on Hazelton Road. Those present were all members of the Board of Health, John Brickett, R.S., (Health Agent/Sanitarian), Ron Lavigne, P.E., Marion Smith, Peter Bryant (tenant), and Tom Danek. The test was successful with a percolation rate of 1" in 8 minutes. Mr. Lavigne will design a new septic system Ms. Smith (this is a replacement for an existing system that had failed an inspection), and she will submit the plans to the Board of Health for approval.

While at the site, the Board noted that the Bryants are burning trash in the yard. Unburned remnants of trash were observed in a fire pit. Ms. Quinn was directed to check with Fire Chief Ed May relative to the laws regarding the burning of trash before composing a letter to the Bryants. The Board also observed used oil filters and other trash in the brook flowing behind the house. When questioned about the oil filters, Mr. Bryant denied that he had placed them there. It was the consensus of the Board that a letter should be sent to the Bryants notifying them that the area must be cleaned up. (It was noted that a neighbor owning land abutting the Smith property had complained to the Board regarding the trash and oil filters in the brook.)

Proposals were received from Richard Jenkins for hauling and disposing of white goods, scrap metals and tires for fiscal 1996. The matter was taken under consideration until a later meeting.

The meeting adjourned at 10:00 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant

Approved:

Ellen L. Foberg
