Board of Health
Meeting Minutes
September 19, 1995

Present: Ellen Foberg, Leonard Laffond, Jeffrey Taskey, Melissa Quinn

The meeting was called to order at 7:02 PM. David Scrivens was also present.

A permit application (and a copy of the plan) for replacement of a failed septic system on the David Scrivens property on Newell Cross Road (Map 1, Lot 7) was received from John Brickett, approved as drawn by Doug MacLeay. There was a discussion of the plan, which seemed to be "overkill" to the Board. The Chairman called Mr. Brickett to discuss the plan. After ascertaining that the plan not only met, but exceeded code, and that Mr. Scrivens was satisfied with the plan, the Board approved the application unanimously.

A copy of a report from Mike Beausoleil (Bostley Sanitary Service) was received for a repair to the "D" box (distribution box) at the Robert & Anna Davidson (Map 11, Lot 74) property on Potter Road. The repair is completed and everything is in order.

A copy of the plan (as built) for the tight tank at the James Daneker (Map 12, Lot 28) property on Potter Road was received from Engineer Doug MacLeay for file.

The Board received a list (the 10th) from DEP of Title V certified septic system disposal inspectors for file.

A report was received from Tighe & Bond relative to the release and clean-up of PCB laden oil from a damaged Massachusetts Electric Company transformer during the July 15 wind storm. (See file.)

The meeting adjourned at 8:30 P.M.
Respectfully submitted,
Melissa S. Quinn, Administrative Assistant
