Board of Health
November 16, 1995
Meeting Minutes

Present: Ellen Foberg, Jeffrey Taskey, Melissa Quinn
Absent: Leonard Laffond

The meeting was called to order at 8:25 PM.

Chairman Foberg reported that Raymond Jodoin is seeking a building permit to add a solarium to his home on Stone Hill Road, and asked if the Board of Health could sign off on the application indicating to the Building Inspector that Title V requirements were satisfied. The Chairman noted that she is frequently asked to make these determinations over the phone with no paper work submitted so that she can look it over. Ms. Quinn was directed to ask the Building Inspector to drop off plans and drawings together with the application at the office so that the Board may look these over in order to make a determination. In the above instance, Mr. Foster did bring the plans in, and after consulting with John Brickett, it was the consensus that the addition of a solarium of this type did not require a septic system inspection.

The plans and application for a disposal works construction permit for the Karl & Pearl Jurentkuff property on Newell Cross Road (Map 1, Lot 50) were received. Ellen called John Brickett with the particulars, and he approved the plan. It was voted unanimously to approve the plan.

Chairman Foberg directed Ms. Quinn to send a memo to Art Brochu indicating that the Board had made arrangements with Tom Danek to grade and re-seed the areas on his property on Davis Mine Road that has been disturbed during an inspection of the property.

The meeting adjourned at 8:35 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant
