Board of Health
Meeting Minutes
January 23, 1996

Present: Ellen Foberg, Leonard Laffond, Melissa Quinn
Absent: Jeffrey Taskey

The meeting was called to order at 7:25 PM.

The Board received the public water supply annual statistical report from the Department of Environmental Protection. Ms. Quinn was directed to complete the form as best she could and return it to the Chairman for review and signing.

A well log was received from Cushing Well Drillers for a well drilled on October 30, 1995 on the property of Richard and Ruth Truesdell on Tunnel Road. (See file.)

The Board received a letter from Earl Carlow. Mr. Carlow intends to put an addition on his house on Ford Hill Road. He was informed that because he is changing the so-called "footprint" of the house, he is required by Title V regulations to have a septic system inspection. The Board will notify him in writing, that this requirement must be met before he may commence construction.

Correspondence was read and discussed but required no action.

The meeting adjourned at 8:05 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant
