Board of Health
February 20, 1996
Meeting Minutes

Present: Ellen Foberg, Leonard Laffond, Jeffrey Taskey, Melissa Quinn

The meeting was called to order at 9:55 PM.

A Phase II (SARA) renewal for Yankee Atomic Electric Company was received from DEP for file.

The 12th list of state approved septic system inspectors was received for file.

After a disucssion, it was voted unanimously to increase the expense reimbursement for percolation tests and Board of Health inspections to $20.00. It was noted in the discussion that in the past year there has been a dramatic increase in the number of inspections due to Title V requirements, and that they often last several hours, sometimes an entire day. In addition, clothes and shoes are often wet and soiled, and members vehicles muddied. Board members do not expect to be compensated, and it was noted that inspections are "part of the job". However, it was the consensus that the $10.00 reimbursement no longer adequately covered expenses, and an increase to $20 was justified.

A correction to Title V (310 CMR 15.251[5]) was received from DEP for file.

There was a motion to appoint Carol Lively as Inspector of Animals. The motion was seconded and voted unanimously.

The meeting adjourned at 10:10 PM.
