Board of Health
Meeting Minutes
June 25, 1996

Present: Ellen Foberg, Leonard Laffond, Jeffrey Taskey, Melissa Quinn

The meeting was called to order at 7:20 PM.

The Board, assisted by Charles Rudnick, (Massachusetts Department of Public Health) conducted inspections at the Rowe Camp & Conference Center for a food establishment license and a camp for children license. Charlie will issue a report on which the Board will act. It was noted that this was a pre-opening inspection and only 25% of the health records were available for inspection and a new registered nurse has been hired. A request for a variance was received from the Camp asking permission to use a different record book for health records. It was the consensus of the Board to grant this variance. Charlie also had some concerns regarding some public water supply matters, and these concerns will be passed on to Bill Prendergast of the Division of Water Supply.

In a related matter, the Board received a copy of a letter to Rowe Camp & Conference Center regarding the public water supply for the Camp. It was noted that they have a new water operator, Bill Enser of Berkshire Envirolabs. It also stated that two of their wells have not been added to their water supply map: the well for the Brook House and the well for the Fromson House. These wells must be added to the map and the survey.

An update on vector borne diseases was received from the DPH. (See file.)

A notice was received from DEP stating that their intern, Neil Ellis, would be visiting the Town Hall on July 2 to review septic system files to determine compliance with Title V requirements.

The meeting adjourned at 8:00 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant
