Board of Health
September 3, 1996
Meeting Minutes

Present: Ellen Foberg, Leonard Laffond, Melissa Quinn
Absent: Jeffrey Taskey

The meeting was called to order at 7:10. Bill Foster was also present.

Bill Foster asked about proposed renovations to the Caldwell cottage on Pond Road (Map 2, Lot 16) in regard to a Title V septic inspection. It was noted that any change in the "foot-print" of the house, in whatever direction, requires an inspection. Bill was directed that in the future, any application for a building permit involving such a change must first be reviewed by the Board of Health for their approval before he may issue a permit. This will allow them to determine if a Title V inspection is required.

The Chairman reported that she had discussed a inquiry from Felicity Pickett (manager of the Rowe Camp & Conference Center) relative to a change in usage of the Fromson house well to supply water to a second dwelling (the Brook house) with Town Counsel. Craig Barry advised that the existing easement does not address this issue, and the Board should have no opinion on the matter. Ms. Foberg passed the information on to Ms. Pickett of Rowe Camp & Conference Center.

It was noted that an application for a disposal works construction permit was received from Jeff Taskey, but the application was not complete. Ms. Quinn will ask Mr. Taskey to complete and sign the application and it will be acted on at that time.

The meeting adjourned at 7:45 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant
