Board of Health
Meeting Minutes
January 21, 1997

Present: Ellen Foberg, Leonard Laffond, Melissa Quinn
Absent: Jeffrey Taskey

The meeting was called to order at 7:35 PM.

It was reported that the Town is eligible to receive six doses of Hepatitis B vaccine (enough for a full course of shots for 2 individuals) free of charge from the Department of Public Health. It was the consensus of the Board that the dump attendant should be one of those receiving the shots. In addition, it was the consensus that if other departments (fire, police, EMS and school) feel their employees/appointees should have the shots, they should include funds in their 1998 budget for this purpose.

A copy of water test results for Yankee Atomic Electric Company pertaining to copper and lead levels was received. All results were within recommended parameters. (See file.)

Correspondence was read and discussed but required no action.

The meeting adjourned at 8:00 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant
