Board of Health
Meeting Minutes
October 28, 1997

Present: Ellen Foberg, Leonard Laffond, Melissa Quinn

The meeting was called to order at 7:17 PM.

Chairman Foberg noted that inspections were conducted at the Cloutier property at 23 Newell Cross Road (Map 1, Lot 12) on October 24 and 25 for a new septic system. Everything appeared to be installed according to plan specifications and the Board approved the installation.

The Board conducted inspections of the Franceschetti septic system at 63 Middletown Hill Road (Map 2, Lot 3) on October 24 and 25. It appears that the leaking tank has been satisfactorily repaired, and the system now passes the Title V inspection for the sale of the property. A memo was faxed to realtor Bob Hanlon (Massamont) to that effect.

The status of the septic system at the Lockwood Reed property (formerly Alton Davenport property) at 77 Hazelton Road (Map 1, Lot 35) was discussed. It was noted that this system needs repair according to a Title V inspection conducted by Mike Beausoleil in August 1996 and observed by former Selectmen Taskey. Ellen will contact Mike to ascertain just what needs to be done to bring the system into compliance.

The meeting adjourned at 8:00 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant

Approved:

Ellen Foberg
