Board of Health
Meeting Minutes
November 25, 1997

Present: Ellen Foberg, Leonard Laffond, Melissa Quinn

The meeting was called to order at 8:45 PM. Also present was Jack Williams.

Chairman Foberg asked Jack about a property transfer that appeared in the newspaper in which it was reported that he had purchased Dorothy Stevens house. She noted that a Title V inspection must take place if there is a property transfer. Jack stated that the newspaper account was incorrect and no transfer has taken place. Mrs. Stevens has placed her property into a trust in which she has life tenancy. If in the future Jack does obtain ownership of the property, an inspection will be required.

Inspection reports were received from Mike Beausoleil for NEPCO facilities at Bear Swamp Station off of River Road and the switchyard off of Tunnel Road. Both inspections were satisfactory. (See file.)

An application and plans for a repair/replacement of the Graziano septic system at 60 Pond Road (Map 2, Lot 20) was received for approval. Plans were prepared by Mike Lavigne. It was voted unanimously to grant approval for a construction permit for the system as designed. The permit will expire two (2) years from today's date.

The meeting adjourned at 9:15 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant

Approved:
