Board of Health
Meeting Minutes
January 20, 1998

Present: Ellen Foberg, Leonard Laffond, James Brown, Melissa Quinn.

The meeting was called to order at 7:05 PM. Also present were Bill Foster (Building Inspector) and Bob Leet (Whetstone Engineering, Wendell).

Mr. Leet came to the meeting to discuss an application for a building permit to make improvements to the basic structure elements of J.C. VanItallie's barn on Davenport Road. He told the Board that the work was mostly internal and would involve strengthing the foundation, support structure and flooring. Mr. Laffond noted that there remains a question on the legal width of the road right of way and the setback may not be sufficient for the barn. It was noted that the FRCOG Engineer Jim Toth has been contacted verbally regarding the possibility of doing a layout of the road for the Town to ultimately determine the width of the right of way. The Board noted that it was up to the Building Inspector to grant building permits, and if everything appeared to be in order to him, they had no objections.

Chairman Foberg reported that James Williams replaced a collapsed septic tank at the former Truesdell residence (now owned by Wes Groferer, Map 13, Lot 20) on 1/12/98. He installed a 1500 concrete tank as well as the piping back to the foundation. Ms. Foberg inspected the installation and found everything to be in order. The Board of Health will return sometime in the Spring to inspect the leach area.

It was noted that the Board received a proposed job description for a town nurse position from John Williams. Copies were given to each Board member for study.

The Title 5 inspection report for the Kenney property (Map 3, Lots 44 & 45) was received from Mike Beausoleil. The septic system failed the inspection. (See file.)

Information was received from the Department of Public Health regarding the availability of 10 doses of Hepatitus B vaccine for the Town of Rowe public safety employees. Ms. Quinn was directed to notify the EMS Coordinator.

A letter was received from DPH regarding quarterly tuberculosis reports. Ms. Quinn was directed to check into this matter and report back at a later meeting.

The meeting adjourned at 7:50 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant
