Board of Health
Meeting Minutes
September 15, 1998

Present: Ellen Foberg, Leonard Laffond, Melissa Quinn
Absent: James Brown

The meeting was called to order at 7:33 PM.

Ellen reported that she received a request from Bob Leet for an extension of the deadline (December 19, 1998) for repairs to the septic system at the Daureen Petersen property on Zoar Road (Map 4, Lot 44). Mr. Leet noted that the house is used very infrequently by only one person. It is acceptable under Title 5 for a two year period to be granted for repairs to a system, although the Board felt initially that the failure was serious enough to only grant one year. In light of the low usage of the system, it was voted to grant an extension to the deadline for the repair of the system to December 19, 1999.

Lenny reported that he received a call from Mary Sibley wanting a letter from the Board stating what was acceptable for an alternative system. He attempted to explain that the Board really could not do such a letter without more specifics, which Mary would not divulge. It was the consensus to send her a copy of the applicable section of the Title 5 code as well as the name of a contact person at DEP.

Tom Chiofalo came in a and reported that he would like to put an addition on his home on Potter Road, and wondered if his septic system was adequate. The Board will send Health Agent Sharon White a copy of his application and plans so that she can make a determination.

The meeting adjourned at 7:50 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant
