Board of Health
November 7, 2000
Meeting Minutes

Present: Mary Jo Phelps, Ellen L. Foberg and Melissa S. Quinn
Absent: Geoffrey N. Bagley

The meeting was called to order at 7:30 PM.

Rick Chasse brought an application from Lynda Leahy for a license to do massage therapy. All the forms except her medical information appeared to be in order. Ms. Leahy still needs to have a physicians certificate stating that she has had a recent physical exam and certain inoculations. The Board asked that she appear before them at a subsequent meeting with the required documents prior to them acting on the application.

It was voted unanimously to award a contract to construct a swap shed (as per his estimate) at the transfer station to Steve Crowinginshield for a maximum price of $8,400, not to include electric.

There was a discussion relative to the tight tanks at the Daneker camp and the McKay camp. Ms. Quinn will check the files to see if there is a monitoring plan for these plans.

Pumping logs were received for the following from Bostley Sanitary Service:

Name	Tank Size	Condition	Date
Gordon (Steele Brook)	1000 gallon	Good	08/30/00
Gordon (78 Hazelton)	1000 gallon	Good	08/30/00
Lindabury (Cross)	1000 gallon	Good	08/30/00

A Title 5 inspection report was received from Jonathan Begg for the Stankewicz property on Dell Road. The system failed the inspection conducted on September 22, 2000.

The meeting adjourned at 8:55 PM.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant

Approved:

Mary Jo Phelps

Mary Jo Phelps, Chairman

Ellen Foberg
