Board of Health
Meeting Minutes
January 2, 2001

Present: Mary Jo Phelps, Ellen L. Foberg, Mary Jo Phelps and Melissa S. Quinn

The meeting was called to order at 8:44 pm.

Chairman Phelps reported that the new recycling shed at the transfer station would have piers and a pressure treated floor. It was hoped that a concrete slab might be poured, but building code requires a foundation below the frost line for a poured concrete floor and that cannot be done at that site.

Ms. Quinn reported that Becky Bradley still has not sent in her $25.00 application fee for her Maple House B&B Food License in spite of leaving her messages that she needs to remit payment prior to issuance of the license. The Board directed Ms. Quinn to send a memo to Ms. Bradley reminding her that she must pay the application fee in order for the license to be issued, and until that time she is operating without a license.

A septic pumping log was received from Bostley Sanitary Service for the Robin Johnston residence on Hazelton Road. The tank holds 1000 gallons and appeared to be in good condition when pumped on October 24th.

In receipt of application fees of $25.00 each, the following permits were issued for septic pumpers/haulers licenses:

Bostley Sanitary Service
Colrain, MA

Hartigan Company (formerly A-1)
Rutland, VT

Greg's Wastewater Company
South Deerfield, MA

The licenses will expire December 31, 2001.

The meeting adjourned at 9:45 pm.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant

Approved:

Mary Jo Phelps, Chairman

Ellen L. Foberg

Geoffrey N. Bagley
