Board of Health
Meeting Minutes
June 19, 2001

Present: Mary Jo Phelps, Geoffrey N. Bagley, James D. Brown and Melissa S. Quinn

The meeting was called to order at 7:10 PM. Also present were Doug Corarito and Tim Snyder.

Doug Corarto thanked the Board for granting septic system repair variances for his property on Zoar Road. He noted that the deadline for repairs to this system is August 2001, but that he would be unable to meet that deadline. The installer has said that he is too busy with other work and will not be able to get to it this year. The Board voted to grant a one year extension until August 31, 2002.

The meeting recessed at 7:15 for a meeting of the Board of Selectmen and reconvened at 9:18.

Chairman Phelps and Mr. Bagley inspected the new septic system at the Jolly property on Stone Road on June 19, 2001. Everything appeared to be in order and the certificate of compliance was signed. Copies will be sent to installer and property owner.

Temporary food establishment application forms were approved and will be sent to vendors planning to sell food on Old Home Day.

In receipt of a check in the sum of $25.00, a septic system installer's license was re-issued to Barkus Excavating.

A Title 5 inspection report was received from Mike Bostley for the Lance Larned property on Newell Cross Road. The system passed, contingent on the results of a water test. Water test results were also received from Berkshire Enviro-Labs for the well water. All results were within mandated limits.

A Title 5 inspection report was received from Mke Bostley for the Aristia Veber property on Steele Brook Road. He noted that a baffle was repaired, and the system passed inspection pending results of a water test. That test result has not yet been received.

Septic tank pumping logs were received from Mike Bostley for the following:

Larned (Newell Cross Road)	1500 gallon tank	good condition
Jackson (Hazelton Road)	1000 gallon tank	good condition
Jeff Taskey (Stone Hill Raod)	1500 gallon tank	good condition

The meeting adjourned at 9:55 PM.

Approved:

Mary Jo Phelps, Chairman

Geoffrey N. Bagley

James D. Brown
