NEW BUSINESS

Yankee Atomic Electric Company (Map 12 Lot 4): A System Installation Report was received for Yankee Atomic Electric Company from designing engineer Doug MacLeay. As the BOH has done a final inspection of the system, a Certificate of Compliance will be sent to YAEC.

Title 5 Inspection: A Title 5 inspection form was received for the Thomas Houghtaling property, 14 Tunnel Rd (Map Lot). The system was "conditionally passed" and needs to have the distribution box and some pipes replaced. The BOH was not informed that a Title 5 was scheduled for the property and did not witness the inspection. The form also did not indicate which company pumped the system for the inspection. Danette Reynolds will contact Health Agent Lisa Danek Burke to discuss the matter.

Septic Pumper/Hauler Permit: The BOH approved the renewal of the Septic Pumper/Hauler Permit for Houghton Sanitary Service, Guilford, VT.

Water Testing Results: The following water test results were received from Berkshire Enviro-Lab, Inc.:

Outdoor Wood Boilers: Several Boards of Health within Franklin County have issued moratoriums on the installation of outdoor wood boilers while they study the problems caused by the boilers and formulate regulations concerning the installation and use of them. The BOH voted to issue a moratorium on the installation of outdoor

wood boilers until they can determine the regulations required for boiler installation and use. Board of Health Clerk Ellen Babcock will be asked to post the notice in local newspapers.
Ann Foshay will contact Building Inspector Bill Foster to find out how many of these boilers are currently in Rowe.

Next Meeting: The next meeting will be Tuesday, January 9, 2007 at 12:00 noon.

Adjournment: Meeting adjourned at 9:50 AM.

Respectfully submitted,
Danette Reynolds-Gallaghar
