Park Minutes

3/6/08

Meeting called to order at 1837. Russ, Henry and Shawn in attendance.

Started discussing the Ranger Report

- Shawn will e-mail Russ the actual dollar numbers for the bids to repair the Browning Bench. The one from Steve Crowningshield is about 25K. Russ Donelson is about 45K.
- We know that we will award the work to Steve but we need to secure the funds to cover the repairs. We need to meet with selectboard on what we have for available money in the Capital improvement fund. The rest will have to be on the town meeting warrant.
- Discussed the possibility of buying the power broom from Ted Palmer. Need to determine approximate worth of a second hand broom and compare with value of buying new.
- Discussed minor clearing of the NW view using pictures to select and approve limited cutting.
- Discussed the possibility of developing a 3 fold hand out that contains the basic Park rules, a logo and the trail map.
- Discussed new park stickers that might be a decal but must stay within the line item of the budget. Shawn to research further.
- Shawn vacation from 7/23 to 7/29

Russ made a motion to place two articles on the 3/31 special town meeting to transfer line items to use in repair of the Browning Bench – Passed unanimous

Motion to table the rules discussion until we have a full board. Passed unanimous.

Meeting adjourned at 2030

SIGNED 20 MARCH

RUSSELL JOLLY - CHAIR
