Planning Board Meeting Minutes for April 19, 2017

FOLLOWING THE PUBLIC HEARING,

At 8:50 we called the Planning Board meeting to order. ALL MEMBERS WERE PRESENT.

David said that we had asked for a budget increase of 2 1/2 %, but that our budget had been cut back so we did not even receive level funding. This will be on the town warrant at the Annual Meeting.

David talked about creating a change in the Bylaws that would allow a member who was not able to be present at a public hearing ~~to listen~~ to listen to a tape so they could find out what discussed, and then be able to vote.

Someone from the Division of Fisheries and Wildlife sent us a notice about a habitat map of rare species and referred to a meeting on April 3rd, which has already happened.

THE NEXT MEETING WAS SCHEDULED FOR MAY 10, FOLLOWING THE PUBLIC HEARING

There was a move to adjourn that was seconded and David adjourned the meeting at 9:15.
