APPROVED 29 NOVEMBER 2017

Planning Board Minutes for September 27, 2017

The meeting was to order at 7:00, but the meeting was moved to Gracy House, where it was reconveened at 7:10. All members were present: David Roberson, Chairman, Jodi Brown, Robin Reed, Dan Burke, and Doug Wilson, scribe. Betty Lenth was a visitor

David passed out signed, corrected minutes of the May 10, 2017 Planning Board (PB) meeting, with corrections that had been approved at the meeting of August 30. He also passed out the signed minutes for the PB meeting on June 14, 2017.

The minutes for the Public Hearing of February 15, 2017 were passed out and approved, with minor corrections. Tthe corrected minutes were passed around for signing and initialing.

The minutes for PB for August 30, 2017 were read and there was a discussion of the nature of minutes. Doug agreed to rewrite these minutes and bring them to the next meeting, so the August 30 minutes were tabled.

Correspondence from other towns was mentioned, but none of it seemed to require any action on the part of the PB.

The Park Commission wants to cut trees adjacent to the Pelham Lake dam, and the PB needs to schedule a joint public hearing with Lance Larned to review the application. Since they don't need to do this work until winter and we're expections a hearing request from the Braodband Committee, Davis moved that the part porposal be tabled. However, toward the end of the meeting, Jenn Morse, having just come from a Board of Selectmen (BoS) meeting, told us that there was no need to hold a hearing on the broadband trees, as the BoS were pushing the installation back until next year.

David said that remote participation in meetings has already been approved by the Selectmen, so the PB may vote to do so if the situation warrants, subject to the summary of requirements that Donna MacNicol provided.

We then discussed the Goal Post at leangth, including editorial standards, printeing procedures and the budget. .

The next meeting was scheduled for the last Wednesday in October, the 25th, at 7 p.m.

The motion to adjourn was passed unanimously and the meeting was adjourned at 9:25.
