

Board of Health
Meeting Minutes
July 23, 1991

Present: Douglas Corarito, James O'Brien, Leonard Laffond,
Melissa Quinn

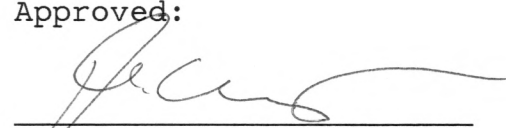

The meeting was called to order at 8:45 P.M.

Mr. O'Brien reported that he had been contacted by Robert Kenney regarding repair to the septic system at his property on Zoar Road, Map 3, Lot 44. Originally, plans called for the leach field to be placed higher than the level of the holding tank which required installation of a pump to pump effluent uphill to the leach field. When digging began, a gravel bed was uncovered lower on the site which is a more suitable place for the drain field. Mr. O'Brien, John Brickett and James Williams inspected the site. Mr. Brickett recommended that plans be altered to allow relocation of the leach field to the gravel bed. An amended copy of the plans will be sent to the Board for consideration.

The meeting adjourned at 8:55 P.M.

Respectfully submitted,
Melissa S. Quinn, Clerk
