Board of Health
Meeting Minutes
February 9, 1993

Present: Ellen Foberg, Leonard Laffond, James O'Brien, Melissa Quinn

The meeting was called to order at 8:35 P.M.

In receipt of a check in the sum of $25.00, it was voted to issue a permit to install/repair septic systems to James H. Williams of Merrifield Farm, Rowe. Permit is effective immediately and will expire December 31, 1993.

A second request was sent to the Rowe Camp/Conference Center asking for a letter of de-classification relative to their status as a public water supplier. (see attached)

It was the unanimous decision that the Board would like more accountability for the Nurse's hours. Mrs. Quinn was directed to call the Visiting Nurse Association at Franklin Medical Center to ask them how they account for their nurse's hours and, if possible, to have them send a sample copy of the log that they use.

It was noted that a pager in the possession of Barbara Grogan (former EMT Coordinator) should be returned to the new Coordinator, J.P. Migeon. The Board will discuss this with Mr. Migeon at the next meeting.

The Chairman directed Mrs. Quinn to have the dump attendant place "NO SMOKING" signs on the compactor and the recyclables containers at the Refuse Garden.

The meeting adjourned at 9:00 P.M.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant

Dear Ms. Lazzarini:

Enclosed is a copy of a letter sent to you in November, 1992 requesting a copy of your letter of de-classification from the Department of Environmental Protection relative to your status as a Public Water Supplier.

To date, this office has not received the de-classification letter. This is the second request for said letter. Please send a copy to this office within fourteen days. The Board must have this document for their files.

Your prompt attention to this matter would be very much appreciated.

Sincerely,

Melissa S. Quinn

Dear Ms. Lazzarini:

On September 22, 1992 at a joint meeting of the Board of Selectmen and the Board of Assessors, Prudence Berry, when asked the status of the Rowe Camp/Conference Center as a public water supplier, stated that they had received an exemption from the state and therefore were not required to have a certified operator.

Please send us a copy of your letter of de-classification from the Department of Environmental Protection for our files.

Thank you.

Sincerely,

Melissa S. Quinn
