

Board of Health
Meeting Minutes
June 8, 1993

Present: Ellen Foberg, Leonard Laffond, James O'Brien, Melissa Quinn

The meeting was called to order at 8:22 P.M.

Chairman Foberg reported that after an inspection of the sewage disposal system at the Daneker camp on Potter Road on June 7th it was the consensus of those present (including D. Purrington, Engineer, Leonard Laffond and Thomas Danek), that the only solution was a "tight tank". The owner will have to apply to the Department of Environmental Protection for approval of the system. Such a system requires a deed restriction and regular inspections by the local board of health.

The Chairman and Mr. Laffond met with the Rowe School Committee to discuss the possibility of the School Nurse handling blood pressure and flu clinics for town residents. The Committee was very receptive to the idea, but the matter requires further study before any decisions are reached.

The meeting adjourned at 9:05 P.M.

Respectfully submitted,
Melissa S. Quinn, Administrative Assistant

Approved:

Ellen L. Foberg, Chairman

Leonard J. Laffond

James E. O'Brien
