

Board of Health  
Meeting Minutes  
May 2, 1995

Present: Ellen Foberg, Leonard Laffond, Melissa Quinn

The meeting was called to order at 9:55 PM.

The Board received plans from Jean Claude VanItallie for renovations and additions to his home on Davenport Road. After reviewing the plans, it was the consensus that the addition significantly changed the "footprint" of the house, and an inspection of the septic system by a state approved septic system inspector. Ms. Quinn was directed to write a letter to Mr. Van Itallie informing him of this decision.

It was also the consensus that a septic system inspection is required for the Brook House (Rowe Camp & Conference Center) due to a change of use (from four bedrooms to five or six bedrooms). Ms. Quinn was directed to inform the camp director, Phyllis Latewec, in writing.

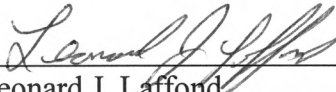

It was noted that Flagg Waltermire wants to do five percolation tests on his lots on Davis Mine Road. A date and time for the tests is being coordinated by John Brickett.

The meeting adjourned at 10:45 PM.

Respectfully submitted,  
Melissa S. Quinn, Administrative Assistant
