Committee members discussed articles expected to appear on the Warrant for the STM. The Warrant is not yet ready to be read. Because the Warrant must be completed and signed by the BOS and posted this evening, the members voted the following:

On the article expected to read "To see if the Town will vote to APPROPRIATE the sum OF $250,000.00, from the Insurance Proceeds account to a municipal building project account for preliminary work on a municipal building project, including the hiring of an Owner’s Project Manager and Architect, or take any action in relation thereto" , the members voted unanimously to not recommend the article.

On the Article expected to read “To see if the Town will vote to APPROPRIATE the sum OF $250,000.00, from the Insurance Proceeds account to the school building project account for preliminary work, including the hiring of an Owner’s Project Manager and Architect, for a new school building that can also be used for community purposes, or take any action in relation thereto”, the members voted two to one to recommend the article.

On the article expected to read “To see if the town will vote to appropriate the sum of $50,000 from the Insurance Proceeds Account to a new account for the purpose of hiring an impartial consultant, experienced in municipal and rural education, to study the demographics and needs of the town related to elementary education. The consultant shall prepare a written report, available to each Rowe household, clearly stating the alternatives available to the town, the pros and cons of each, and the estimated costs associated with them. The cost study must include operating cost as well as capital investment. The consultant shall make recommendations to the town based upon his experience and sound economic and educational principles. The consultant shall also hold at least two informational meetings to explain his conclusions and recommendations and answer the questions that will arise”, the members voted two to one to recommend the article.

Chairman May and Myra Carlow will attend the BOS meeting scheduled later today to give these recommendations to the BOS in order that they may be added to the printed Warrant.
