Budget and Warrant discussion

Marilyn Wilson (BOS chair) presented the Fiscal Year 2015 Budget summary. This sheet was prepared by Joe Boudreau, Rowe’s MDOR representative.
Under Section C. Available Funds:
   $96,847 in free cash appropriated to reduce the tax rate (C1). More than last year, less than previous years. Average $120,000.
   $31,355 Stabilization fund Appropriated (C2) Wayne noted this is significantly less than last two year. Marilyn confirmed.
   $95,792 Other Funds Available (from Capital Stabilization Fund)
Total Revenue and Available Funds = $3,882,528.

Dennis inquired when is tax rate normally set. Marilyn responded, “usually November.” She also noted that under Revenues from Taxation, some of it is a guess until MDOR gives us actual numbers (i.e. New Growth). A1 and A3 and A6 are hard numbers. A4 won’t be given to us until July.

B2 (local receipts not estimated) $53,000 is last year’s number. We won’t have a hard number until later. This number fluctuates. Marilyn estimated conservatively. Cherry sheet offsets could also change.

Marilyn chose not to put in new growth estimate at this time. This is a buffer against the estimates in B1 &B2. We have 2015 figures from the state for the Cherry Sheet, however, this number could change in June if the state changes its budget. If those figures are reduced, (and we will have new growth,) not including new growth at this time serves as a buffer for any changes in B1 or B2. Cherry Sheet form comes from MDOR. As of Tuesday, April 18, this number held.

Marilyn reports that as of Friday, there is $130,532 in free cash. After taking out for winter road maintenance and free cash used to reduce the tax rate, we will have approximately $10,000 in free cash remaining.
We then turn to the **budget review**:

The budget is constructed from line items presented by the various boards and committees. Most cuts come from general admin and highway admin. A choice made by Marilyn to take any cuts from line items rather than to take cuts from free cash.

Much review and discussion transpired clarifying the figures that are on the budget handout.

[Q: Marilyn: does finance committee recommend board of selectman negotiate with Charlemont BOS to contract care of winter roads. Dennis noted, no money exchanged. Therefore, it does not need recommendation from Finance Committee. Maggie notes it doesn’t need to be on warrant, this is a select board decision.]
