Meeting Minutes for August 25th, 2016**

Present: **Board Members:** David Cousineau, Chair Joann Brown and Maggie Rice.
Marcella Stafford Gore, Clerk

Call to Order 6:00PM.

Appointment (s) none

GENERAL BUSINESS

Minutes

August 18th, 2016 minutes accepted and signed.

TRANSFER STATION

Attendants Logs

David read aloud the logs; no action needed. New Attendant Kevin Sprague began work on 8/20

Washout

David met with Barkus Excavating on 9/20 to discuss the repairs needed for the bank erosion:

For now Barkus will remove the loose hay and replace with staked hay bales and staked eco fabric at the location, this work will suffice until the board receives authorization from the Division of Fisheries and Wildlife (endangered species division) to proceed with the Barkus proposal obtained 8/18 which includes the following work:

Remove the fence in three areas

Provide the necessary Geo fabric and install

Dig in and place key stones at the toe of the large wash, Type III rip rap

Finish the large wash with Type I rip rap

Fill the two smaller washes with Type I rip rap

Any surplus fill will be moved off sit

Backfill with compaction

Place a berm outside of the fence area for water control

Reinstall the fence

Seed and mulch all disturbed areas, (berm)

David and Conservation Commission members Ramon Sanchez, Chair and Myra Carlow had a site visit on 9/23.

Both members were satisfied with the hay bales and eco fabric placement.

Relocation

The current location of the transfer station poses significant drainage problems and it may be economically beneficial to relocate. The current site will need to be engineered to see if the drainage issues can be remedied at a reasonable cost. Marcella was instructed to contact Trinity Engineers to set up a site visit. David has spoken to Selectman Chair, Marilyn Wilson regarding these concerns and is researching a suitable site in town should the transfer station need to be relocated. .

MAPLE HOUSE

Maggie has tried several times to deliver their permit and collect the \$25.00 fee but has been unable to find anyone home. Marcella will mail the permit.

PELHAM LAKE

Weekly Testing Results

| Date | Result/ Center | Result/Right |
|---------|----------------|--------------|
| 8/18/16 | 2.0MPN | 3.1MPN |

TITLE V

Glen Ayers issued a Disposal Construction Permit (form 2A) to Kalaus for the repair of an existing system. Jim Williams will be performing the work.

NEW BUSINESS

The board used FCSWMD DEP Grant to purchase a composter. Initially it was to be donated to the park but Park Ranger Sean Loomis is not interested. The board instructed Marcella to contact the school and ask if they would like to have it.

Meeting Closed: 6:50

Next meeting 9/15/16

David Cousineau, Chair

Joann Brown

Maggie Rice

Approved: 9/16/16
