

**Town of Rowe FY2017  
Board of Health  
Meeting Minutes for March 15, 2017**

Present: **Board Members:** Dave Cousineau, Chair, Joann Brown and Maggie Rice  
Joanne Semanie, Clerk

**Call to Order 6:00 PM**

*Minutes* for March 1, 2017 approved and signed.

*Invoices* for Warrant #20 reviewed and approved.

**TRANSFER STATION**

A job description with changes was reviewed by the Board and further changes were made. Maintenance of the swale had not been added. The final job description will be ready for next week's meeting.

The log was reviewed.

It was reported that there is a problem with the Envirolet. We're not sure if there is an actual problem with the unit working or it just needs cleaning and maintenance. Dave will check it out. It may be time to consider a replacement. Sean will be contacted about what they are using at the park

There was discussion on having only Jim Lively be the contact with FCSWMD for container pick up. Joanne will call Jim about the pick up at the dump then call Jan at FCSWMD to make Jim the only contact that can authorize a pick up.

There is a problem with the plows hitting the barrels. We may need to hire someone to redesign the area around the recycle bins. Possibly angle them differently in the driveway towards the fence, have a platform for people to walk on. We will wait until the snow is gone and look at it. Another possibility is having a drive thru rather than people backing up and turning around.

**HEALTH SERVICES**

Sheila was unable to attend tonight's meeting, she will be asked to attend the next.

**WATER TESTING**

Water testing for the Avery Fountain and Town Hall was reviewed. All clear.

**NEW BUSINESS**

A complaint letter about Sheila Litchfield's reduced hours was read. No further action was taken.

A permit from the DEP for Rowe Camp and Community Center to replace their current water system was reviewed by the board. No action needed at this time.

**OLD BUSINESS**

Still waiting for answer from Glen about inspections for AirBnBs. Will call again to try and get an answer.

*Meeting Adjourned: 7:00 P.M.*

*Next meeting 3/27/17*

*Approved:*
